One Year Since the Overturning of Roe v. Wade

On June 24, 2022 – the Feast of the Sacred Heart – Roe v. Wade was overturned by the US Supreme Court.

This was a day that many pro-life activists did not believe they would see in their lifetime, but God had other plans. The decision, written by Supreme Court Justice Samuel Alito, stated that, "There is nothing in the Constitution about abortion, and the Constitution does not implicitly protect the right. It is time to heed the Constitution and return the issue of abortion to the people's elected representatives."

While this was a necessary and incredible step in the right direction to protect the unborn children of our nation, there is still much work to be done. Many states, including Maryland, are still very liberal when it comes to a woman's ability to obtain an abortion. Much of this fight comes down to the grassroots and heart-to-heart efforts in crisis pregnancy centers just like ours. We must continue to

educate and support mothers in crisis in a radical way so that they feel empowered to choose life for their child, despite their fears. We are committed to doing this hard work and we thank you for your continued support!

Happy Father's Day!

Did you know?

Children who feel a closeness to their father are: twice as likely as those who do not to enter college or find stable employment after high school, 75% less likely to have a teen birth, 80% less likely to spend time in jail, and half as likely to experience multiple depression symptoms.

Thank you, Dads!
